Child Labor Law--Employment in Agriculture

Motion:

Move to adopt the provisions of LRB0111/1 a Senate Substitute Amendment to Senate Bill 174 that relates to establishing the definition of "farming" under the state workers compensation law as the definition for state law provisions related to the employment of minors.

LRB 111/1

Note:

Under current law, minors must be at least 12 years old to be employed in agricultural pursuits. There are certain limits on the hours of work for minors except for minors employed in domestic service or farm labor. Currently, DWD does not have a specific definition of agriculture under child employment provisions. The Department has been using the definition of farming under the state workers compensation program. This motion would establish the definition of farming used under the state worker's compensation law as the definition used under laws governing the employment of minors.
